

Study Skills at Home & School for the Distracted Student

Presented by Pete Pullen,
Head of School at

Monday, March 20

7 p.m.

Learn about the causes of ADHD and attention challenges and how to support your student at home to improve his or her focus and productivity. Strategies to improve organization, focus, and communications with your student's school and teacher will also be discussed.

Registration begins February 27.

Please contact us if you require any additional accommodations.
